Code F will be used for appointments that are eligible to accrue sick leave but not vacation. This includes student appointments.

¹Hours on pay status including paid holiday hours, but excluding all paid overtime hours.

If hours on pay status calculation comes out as a fraction of a whole hour (0.1 through 0.99), the leave accrual system will round down to the nearest whole hour, e.g. 125.75 rounds to 125.00.
