Our **Alliance Referral Program**

Canopy Health seeks to eliminate barriers and expedite care. Our network simplifies referrals and gives members and their eligible dependents access to all Canopy Health providers, not just those in their primary care physician's medical group. This means better, faster, and more affordable care from the Bay Area's top specialists.

A New Approach to Referrals

Canopy Health believes members should take an active role in their care. With Canopy Health members work with their primary care physician to make care choices that fit their lifestyle. Accessing care where you live, work and play!

Easy Access to Specialists

1. Members meet with their primary care physician (PCP) to explore treatment options.

2. If a specialist is required, your PCP will discuss with you the best option within our network.

3. Referral requests are processed quickly and efficiently, including alerting members and providers. Through the Alliance Referral Program common services offered by the approved specialist don't require additional authorizations.

4. Upon approval, the member can schedule an appointment with the specialist.

5. Questions about the Alliance Referral Program should be directed to the Canopy Health's Care Ambassador at CareAmbassador@canopyhealth.com or 415-712-1020.
