

## Service and Patient Care Technical Employees

**2019 is almost here, and you still have no contract.  
The more time goes by, the more YOU LOSE.**

If AFSCME leaders had accepted UC's settlement offers, ALL service employees would have received a total 6% pay increase by now, and ALL patient care employees would have received a 3% pay increase.

**New offer of \$1250 per employee for an agreement.**

UC has just proposed to AFSCME leaders a one-time payment of \$1250 for ALL eligible service and patient care employees in exchange for an agreement. This is in addition to UC's offer to cap monthly health insurance premium increases at \$25 for employees in UC's Kaiser and Health Net Blue & Gold plans.

**Don't miss out on any more money.**

Here is how much money average AFSCME-represented employees have missed in EVERY PAYCHECK because union leaders rejected UC's offers:

<b>\$118 <u>each</u> paycheck</b>	Respiratory Therapist
<b>\$109 <u>each</u> paycheck</b>	Building Maintenance Worker
<b>\$108 <u>each</u> paycheck</b>	Radiologic Technologists
<b>\$107 <u>each</u> paycheck</b>	Groundskeeper
<b>\$92 <u>each</u> paycheck</b>	Senior Custodian
<b>\$91 <u>each</u> paycheck</b>	Food Service Worker

**Isn't it time you had a contract?**
